Quality

- We are an FDA Registered Facility
- We hold an ISO 13485:2016 certification
- We use a cloud-based Quality Product Lifecycle Management System that gives our customers access to real-time information

Our History

James E. Petersen founded Epic Medical in 1959. After selling Epic in 1985, Petersen purchased back the medical device segment of his business and founded Dadson Manufacturing in 1989. Dadson has been in continuous operation since 1989, and now operates under the trade name, JE Petersen.

Our Quality Policy

The objective of JE Petersen is to provide quality products and services that meet the needs and expectations of our customers, partners, and regulatory bodies. We operate in an environmentally sustainable manner. We are committed to meeting all applicable requirements and continually improving the effectiveness of the quality management system.
